JANICE ROBINSON, County Clerk
JACK COUNTY, TEXAS

BY _____ DEPUTY

Dear Judge Davenport,

On behalf of our client Keechi Wind, LLC, a wholly owned subsidiary of Renewable Energy Systems (RES), please accept this application for tax abatement for the company's planned 120 megawatt wind energy project in Jack County known as the Keechi Wind Project. I would like to be on the June 24th Commissioners Court agenda to continue discussions with the Court about the project.

RES requests that Jack County Commissioners Court create a reinvestment zone encompassing the legal descriptions of land in the application. Creation of the reinvestment zone is required by Section 312.401 of the Property Tax Code before the county may enter into a tax abatement agreement.

Please note that the land descriptions have been change from what was submitted to the Court in my letter of June 3rd. The changes made were (1) to limit the size of the reinvestment zone by limiting the land in the CSL Henderson Survey, Abstract 257 to only the land lying west of Highway 1156 and (2) to limit the land in the Thomas Rives Survey, Abstract 505 to 147.9 acres. Limiting the land in the Thomas Rives Survey, Abstract 505 to the 147.9 acres ensures that none of this land is inside the city limits of the City of Jacksboro. I have confirmed this with maps provided by Jack County Appraisal District.

RES would like for Commissioners Court to schedule a public hearing for the creation of the reinvestment zone for one of its meetings in July. If Commissioners Court agrees to hold the required public hearing in July, the date of the public hearing would have to be published in the local newspaper seven days in advance of the public hearing and the county would have to advise all affected taxing units in writing of the county's intent to create a reinvestment zone seven days in advance of the public hearing.

I look forward to working with you and the county commissioners to reach agreement on tax abatement so that construction of the Keechi Wind energy project may begin. Tentative plans are to start construction of the project in late 2013 with completion in late 2014.

If you have questions or comments, I welcome your call at 713-266-4456 (office) or 281-433-9889 (cell).

Sincerely,

A handwritten signature in black ink that reads "D. Dale Cummings". The signature is written in a cursive style with a large, stylized "D" at the beginning.
